„Nursing Research: Are we keeping up?“

is the focus of our 4th international conference, and we welcome you to join the conference to meet colleagues and discuss current research findings on five different subtopics. 272 submitted abstracts were accepted and research results will be presented over the two conference days in different formats by nursing scientist from 13 countries. The network event on Thursday night and the breaks will leave sufficient room for interaction and networking between participants.

We are looking forward to meeting you in Berlin!

TOPICS

- (1) Strengthening resilience through nursing research**
 - Climate change
